Tulip Planting Time, 1937.

To Gardeners for Pleasure,
Everywhere, U. S. A.

Did you ever see anyone who does not like tulips?

There is a universal appeal, and they are so easy to raise--planted in the fall, watered only by rains, yet what big returns in dots, or splotches, or stripes in any colors you may crave, for there are all colors in tulips!

For added tingles of pleasure next Spring, why not do some "color-scoring" with tulips? Here are some good combinations of color and variety:

Purple	Jubilee	Pink	Peyree
Yellow	Ellen Wilmot	Lavender	Glow Angelo
Orange	Bronze Queen	Yellow	W. F. Wyre
or			
Black	Sultan	Scarlet	Cuida
Orange	Bronze Queen	Yellow	Ellen Wilmot
Pink	Clara Butt	Bronze	Bronze Queen
or			
Red	Cuida	or	Red Rocket (Geoffrey)
Yellow	W. F. Wyre		Inglescombe Yellow

If you have never grown tulips in pots or dark shades, you have delightful experiences ahead. Colors are so rich, mass bloom is so beautiful, that everyone should have some. Note particularly those marked (P), in the catalog.

Most of your tulip bulbs should be planted under cover in pots (see directions in the catalog sheet), save only the most vigorous kinds, such as Darwins, Cottage Tulips, Breeders, Rembrandts, Parrots, Lilies, Fringed, Viridiflora and Mendels. For I plant many in the beds or borders where the flowers, when cut, are not missed. Why not you?

Sincerely,

M. P. Perrin

M. P. PERRIN

P. S. A small bulb never comes to a mean climax of INCH SIZE! Like a boy or girl, they start like shoots and grow up into beautiful gold, turned in
